Improv, Sketches
and Music with the
Comedy Troupe

Friday & Saturday Evenings
Seating for dinner begins at 7:00 Show begins 8:00

The Stevie Ray's Comedy Troupe performs a comedy variety show of improv, sketches, and music. Improv is comedy based on audience suggestions, similar to the hit television show, "Whose Line is it Anyway?" The show is fast-paced, and very funny. And if you are celebrating a birthday, company party, or other special events, just give the hostess a note when you arrive and the troupe will do something special during the show. They might even bring a member of your party on stage to join in an improv and be a star in the show.
